By SnR's Farm for, _____ Herein referred to as the does owner.

Does Owner's Phone Number: _____ Email Address: _____

Mailing Address: _____

All breeding is done on SnR's property. Does must come from healthy herds and be free of visible disease. All does must be up-to-date on shots and wormings. Prior to visiting, all does must test negative for CAE and Johne's Disease, and have a letter of health from a Veterinary office (no older than two weeks) stating does are in good health, free of visible bugs/lice/worms, and that they are up to date on wormings & shots. CAE and Johne's Disease tests should be no older than one month and must be on labs letterhead. All breeding's are pen breeding's. We ask that you leave good quality grass/alfalfa hay when leaving your doe or a \$2.50-boarding fee per doe per day will apply. (Please leave two bales per Nigerian Dwarf and three bales per larger does.) Stud fees vary based upon the age of buck or offspring of the buck. The appropriate stud fee is to be paid in cash only prior to breeding and there will be no refunds if the doe does not settle. If doe does not settle and owner wishes to bring said doe back a new Terms of Buck Service will need to be filled out along with fees, letter of health from veterinary office and tests done. We reserve the right to provide "doe only" service memos in some cases at our discretion. Does with multiple teats will not receive a service memo. We reserve the right to refuse to service a doe for any reason we see fit. All efforts will be made by the doe's owner to certify that she is able to conceive. This includes the observation of heat, blood work, or other diagnostic tools available to the veterinarian at the doe's owner's expense. The doe's owner is responsible for reporting any subsequent heats, following the breeding, to confirm pregnancy, or to refute it. Owner will notify SnR's Farm of offspring's numbers, weight, color, sex and eye color, for our buck records. We would also like, though do not require, to be informed of any show wins from said service breeding kids. We cannot guarantee the future health of kids from serviced breeding. We cannot/will not guarantee the kids from service breeding's will be of show quality, breeding quality or of a specific height. Doe's owner is responsible for doe(s) and will not hold SnR's Farm responsible for any illness or harm that might arise while doe is at SnR's. Doe's owner will pay for any veterinary care if needed while at SnR's Farm. We reserve the right to accept cash only at time of buck service. No personal checks or business checks will be accepted at any time.

By signing this Terms of Buck Service, the doe's owner agrees to and understand the terms of the buck service laid out herein and agrees to any additional information added at time of doe's drop off or pick up. The doe's owner agrees to pay amount due prior to service in cash only. The owner agrees to pay any additional fees incurred during servicing at time of pick up in cash only.
